## EDUCATION

### Chandigarh University, Mohali

B.E Computer Science Engineering

2021-2025

CGPA-7.6/10

### Aklank Public School, Kota

Intermediate CBSE

2019-2020

### MSS Public School, Kishangarh

Matriculation CBSE

2017-2018

## PROJECTS

### Buildify – Web Project (Personal Project)

Present

**Tech Stack** React, TypeScript, CSS

- Built a responsive single-page application using **React.js** for Buildify, a platform showcasing **marble, granite, tiles, taps, and other construction-related products**.
- Designed a clean and intuitive interface for users to **browse products, view detailed specifications, and explore categories** with ease.
- Implemented modular React components, effective state management, and responsive layouts for seamless cross-device experience.
- Strengthened skills in React hooks, component-based architecture, and UI/UX best practices.
- Live Demo:** [Click here](#) | **Code:** [Github link](#)

### Personal Portfolio Website

2024

**Tech Stack:** React, TypeScript, CSS

- Designed and developed a fully responsive personal portfolio website using **React with TypeScript**, showcasing technical skills, featured projects, and key achievements.
- Implemented a clean and modern UI with **custom CSS** and animations to enhance user experience and visual appeal.
- Ensured **cross-device compatibility**, delivering a seamless and consistent experience across mobile, tablet, and desktop platforms.
- Deployed the website using **Netlify**, enabling continuous deployment and global availability with fast load times and minimal downtime.
- Live Demo:** [Click Here](#) | **Code:** [Github link](#)

## TRAINING & INTERNSHIPS

### Institutional Training | Chandigarh University

06/2023- 07/ 2024

- Completed 60+ hours of training on HTML, CSS, JavaScript, ReactJS via Coursera, mastering 25+ core concepts in 2 months.
- Developed 5+ projects (including Twitter Clone, Portfolio, and others), implementing 20+ reusable components, ensuring 95%+ responsiveness, and optimizing performance with 20%+ faster load times.

## Technical Skills

**Languages:** HTML, CSS, JavaScript, Typescript

**Frameworks/Libraries:** MERN Stack (MongoDB, Express.js, React.js, Node.js)

**Tools:** Git, GitHub, VS Code, Figma ,AI Tools

**Databases:** SQL, MongoDB, Supabase

## Extra Co-Curricular Activities

- Executive Member, Discipline Team, College Society, CSI (1 year):** Played a key role in maintaining order and discipline during events, coordinating with faculty and students to ensure adherence to guidelines.
- Event Organizer, College Society, CSI:** Organized 1 Hackathon ("E-Suraksha") focusing on cybersecurity and managed 5+ other events, including workshops and tech talks, demonstrating leadership and organizational skills.
- Executive Member, Webmaster Team (1 year):** Contributed to the management and development of the college society's website, improving content, user experience, and engagement.
- Athletics, 200m Race Participant:** Represented the college in the 200m race, demonstrating physical endurance, focus, and teamwork.
